To Whom It May Concern:

I would like to endorse Nancy Nefrety Marin for political office.

I have worked with Nancy as part of her work with the Nancy Marin Foundation for the past 6 years, and she has operated as our main Belize contact for sending students to Belize on study and service programs.

Nancy has always been very passionate about her work supporting the community of San Ignacio and the Cayo District and I believe her passion would drive great benefit for development in the region.

As an institution sending young travelers to Belize, we have been challenged by issues such as the rising cost of living (driven by high fuel prices, taxation and import regulation) and by fear borne from violent crime and gang activity. I believe that Nancy would be the ideal candidate to tackle these issues and is perfectly placed within the communities of the Cayo district to give a voice to those locally affected, as well as those trying to trade with the country.

Nancy is hard working, committed and driven in the work she does as part of the NM Foundation, and I believe that these qualities would serve Belize well in any future political role.

If you have any questions regarding this endorsement, please contact me on the details below.

Best wishes,

Heilwig Jones – Director
